ZAYED FEROZ KAZI

Computer Engineering Student | Cybersecurity & Software Development

zayedferozkazi@proton.me • linkedin.com/in/zayedfkazi • github.com/ZProtons

PROFESSIONAL SUMMARY

First-year Computer Engineering student at Trinity Academy of Engineering, Pune, with a strong interest in cybersecurity, programming, web development, and cloud technologies. Exploring foundational concepts in networking, web technologies, AI tools, and prompt engineering, with a focus on building practical skills through hands-on learning and projects.

EDUCATION

Trinity Academy of Engineering, Pune 2026 – 2030
Bachelor of Engineering (B.E.) in Computer Engineering
Area of Interest: Cybersecurity

Abhinav Public School, Pune 2024 – 2026
Higher Secondary Education

TECHNICAL SKILLS

- **Programming & Web Development:** HTML, CSS, JavaScript, Basic Programming Concepts
- **Cybersecurity Fundamentals:** Basic Networking, Web Penetration-Testing Concepts, Account Security
- **AI & Emerging Technologies:** AI Tools, Large Language Models (LLMs), Prompt Engineering
- **Development & Infrastructure:** Unity, Unreal Engine, Self-Hosting, Cloud Technology Fundamentals

SOFT SKILLS

- Communication
- Presentation
- Problem Solving

ADDITIONAL LEARNING

- Developed familiarity with introductory programming and game-development tools such as Unity and Unreal Engine.
- Exploring AI-assisted tools, prompt engineering, and cybersecurity concepts to expand technical knowledge.

INTERESTS

- Cybersecurity & Ethical Hacking
- Web Development
- Artificial Intelligence
- Cloud Computing & Self-Hosting
- Game Development
